VERSE 1

Hold the name of the Lord
close to our lips
With the Word of God
on our fingertips
We will go throughout the nations
And His true love we'll proclaim
Rivers of joy within, we can't contain

VERSE 2

Spread the good news of the gospel to the world
Show them a better future
lives within His hands
As we step into His presence
As we reach out for His heart
Our walk of faith has just begun to start

CHORUS

Every tribe every tongue
Every nation everyone
Call upon the name of Jesus and be saved
Far off places different faces
Tongues we may not understand
Call upon the name of Jesus and be saved

BRIDGE

We're calling out...
Jesus
We're reaching out...
Shine a light through the land

We're calling out...
Jesus
Bring salvation to the world
By the blood of the lamb
