VERSE

I can feel it in the air
I can feel Your Spirit moving
It's a tidal wave of glory
I want more

I can rest in Your river
And find all I need, in You
It's a tidal wave of glory
I want more
(I want more)

CHORUS

No weapon formed against me
No word that's raised against me
Will ever take away my victory
'Cause in You I live
In You I breathe

There's nothing that can stand between
Your goodness, mercy, love and me
Not one thing can separate
The veil is torn away
(I live in glory days)

BRIDGE

So I raise my hands up high
As I pour my praise before You
Make my life a sacrifice
Come and fill my heart with more

TAG

I live in glory days (Show me Your glory)
I live in glory days (I can feel Your love surround me)
I live in glory days (Draw me close)
I live in glory days
