VERSE

Create in me a new heart
One that follows You
Place in me a deep desire
To know You as I'm known
Set my feet in Your ways
To live worthy of Your call
Draw me near to You lord
Every single day

CHORUS

I just want to be more like You
Walk with You beside me Lord
Won't You be my guide
Place Your heart inside my soul
A heart that's ever true
One that's after You

BRIDGE

All I desire
A heart after You
