VERSE

I was all alone
In the darkest of night
You reached for me
Pulled me into Your light
There's nowhere to hide
When there was no one else
You whispered in my ear
"Draw close to me
For I'm always near
There's no need to fear"

CHORUS

Jesus there is none beside You
Jesus there is no one like You
All my life, All I want is
To know You more

Jesus there is none beside You
Jesus there is no one like You
All my life, All I want is
To know You more
{Jesus my Lord}

BRIDGE

So I stand before You
Give my whole life to You
Jesus You are all I seek
In You I find my perfect peace
So I stand before You
Give my whole life to You
Jesus You are all I need
Lord Your love has set me free
