VERSE

How could I ever let You go
You hold my future in Your hand
How could I ever survive
Without Your presence in my life

PRE-CHORUS

This hope I'm feeling inside
It's coming alive, it's coming alive

CHORUS

There is a miracle, when you believe
Reach out your hand
Touch His presence once again
O what a joy I've found
I'm dancing in the rain
You healed my pain
I'm covered by Your grace
Forever Jesus reigns

BRIDGE

It's a brand new day
Our prayer is not in vain
God is here with us
His promises remain
We are stronger
With every step we take
Don't You give up now
Hold on to your faith
