

VERSE

You found me
You drew me
You breathed new life into my soul ... woah
You made me whole
You called me and led me
Into this house I call my home

PRE-CHORUS

We build our lives, as one we sacrifice
Love has given us a voice to sing

CHORUS

This is my church (This is my church my life)
This is my life (Where Jesus is magnified)
This is where heaven and earth collide

Where the hope of my heart resides
This is our church (This is our church our life)
This is our life (We lift up the name of Christ)
And forever and ever Your name will be glorified

BRIDGE

Forever, forever
Forever You'll be glorified
Be glorified

Forever, forever
We live to lift Your name up high
Be glorified
