VERSE

I want to know You more
I want to know You more
My heart is searching for
More of You once more
Oh my Lord

CHORUS

There's no one like You
Draw me closer to You
No one like You
I am desperate for You
No one like You
I am lost without Your love, Your love

BRIDGE

Come like a fire, in this place
My heart's desire, set me ablaze
Closer and closer, face to face
With You, with You
