VERSE

The atmosphere is changing
I feel it in my bones
Something good is happening
Your power in the unknown

PRE-CHORUS

As I lift my hands to worship
Touch me with Your presence again

CHORUS

Saturate this place, Holy Spirit
Fill the air I breathe, move in me
Show me Your glory, power and majesty
Spirit come and have Your way

Saturate my heart, Holy Spirit
I surrender, move in me
Take me higher, closer to You
Spirit come and have Your way
(Come have Your way)

BRIDGE

Spirit fall
Glory fall on me
Spirit fall
More of You, more
