VERSE

Hands that write the story of my life
I trust in You alone
Spirit be my Guide
Dreams that die, they come to life again
My future stands secure
In my Father's hands

PRE-CHORUS

I can't deny, a love so true
Breaks me down till I've got nothing to hide
I can't deny, the hope I feel
Forever undivided, You and I

CHORUS

Because You gave I'm taken out of misery
Because You died I'm rescued from my sin and shame
Because You love I found my heart to love again
You've taken me
And set me free
