VERSE

When I'm alone in winter's cold
With broken dreams and shattered hopes
I know You're there
Your love surrounds me

My heart is still my heart it longs
For heaven's touch for heaven's door
I know You're there
I know You're with me

CHORUS

You'll never leave me till the end of time
My Savior You are faithful
You're good to me forever

I live to love You till the end of time
I'm lost without You Jesus
You'll carry me
(Till the end of time)

BRIDGE

I lift my voice lift up my eyes
Where can I go
Your word is true
Your love is all I hold on to
I give all to follow You
