Verse 1

You are the One with me in the fire
The voice that calms the raging seas
You are the hands that lift me higher
The mountain-moving power in me

Pre-Chorus

No turning back, no slowing down
We'll keep on running, running to You

Chorus

You are, You are ever everlasting
You are, You are beginning and the end
You are, You are closer than the air I breathe
You are living inside of me

Verse 2

You are the light that breaks the darkness
The One who walks with me through the storm
You are the reason I sing praises
The One who was and is to come

Standing here in this place
Waiting for You

That You are near
