VERSE

Come away with me
Let us go alone
To a quiet place
And rest a while

CHORUS

Just come away
Come away
Come away
With Me

Just come away
Come away
Come away
And rest a while

BRIDGE

My yoke is easy
And my burden is light
When you are weak
I'll be your strength through the night
Rest in my Word
And you will find your delight
Come away with me My child
