

VERSE 1

Lead me Jesus, I've toiled all my days
Found only weakness
Set apart in me, so I may know You
And I can show You, from within me

VERSE 2

Teach me Jesus, every pain upon the cross
Just cause You love us
I want to know Your very heart Lord
Yes every part of Your fullness God

PRE-CHORUS

So at Your Word I move
I'll walk the waves and waters

CHORUS

Call me out to You
I will arise and follow after You
All of my heart is longing for Your truth
So at Your Word Lord Call me out to You
With every step my gaze is all on You
All that I am, will trust that You are good
So at Your Word Lord Call me out to You

BRIDGE

I know that You've already won
My chains have already broken
Your love is more than I need
So in my not-yet
I'll trust in Your hands
